# Yellow Diva

## CP Series

Designed by David Walley  
Manufacturer Yellow Diva

The sculptural CP series celebrates the artisan, weaving marine rope over steel armatures to bring tactility, form and scale to the urban landscape.

The medium ottoman seats two to three people; the large ottoman seats four to five people. Complementing the ottomans are the CPC chair, stools and bar stools. All products may be woven in either in colour flecked or solid colours in earth tones. For outdoor or indoor use.
